

General Updates

C-ID Articulation Officer Subgroup

C-ID would like to congratulate Articulation Officers (AOs) Deanna Abma and Bernie Day on their recent retirement. Please join us in thanking Deanna and Bernie for their participation and dedication as AO Subgroup members.

We are very pleased to announce that Articulation Officers Lynn Fowler (American River College) and Craig Kutil (Las Positas College) will be joining the [C-ID Articulation Officer \(AO\) Subgroup](#) in the upcoming 2019-20 academic year.

18-19 C-ID Statistics:

Total C-ID Submissions

27,913

Total Approved C-ID Courses

20,959

C-ID Curriculum Director

We are pleased to welcome Professor Eric Wada (Folsom Lake College) as the incoming C-ID Curriculum Director. In this capacity, Eric will oversee areas of the C-ID curriculum and review process, working closely alongside current C-ID Curriculum Director Amanda Paskey (Cosumnes River College) throughout the 2019-20 academic year, including work on Transfer Model Curriculum (TMC) and descriptors. Please help us welcome him to the C-ID community!

C-ID Discipline Input Group Meeting (DIG)

C-ID hosted a Discipline Input Group (DIG) Meeting on May 10 at the Westin San Francisco Airport Hotel. The purpose of this meeting was to bring together faculty from Career Technical Education (CTE) disciplines, and to further develop Model Curricula (MC) and descriptors to be used for the creation of local certificates or degrees. Faculty from the following disciplines convened to create and further develop C-ID descriptors and MC: Automotive Technology, Dental Hygiene, Dental Assisting, Respiratory Care, and Computer Software & Information Technology. Be on the lookout for vetting announcements and finalized materials.

News from the C-ID Software Development Team

The California Community College Technology Center (CCCTC) recently updated the C-ID website to version 3.1. More information regarding the update can be found [on the C-ID Software Information & Support page](#), hosted and maintained by the CCC Technology Center. Any additional questions or concerns not addressed by the 3.1 Release Notes can be emailed to support@c-id.net.

ADT Submission Reminder

There has been some confusion surrounding course submissions in light of CCC Chancellor's Office (CCCCO) [memo AA 17-17](#), regarding Associate Degree for Transfer (ADT) submissions. Please note that the CCCCCO allows the inclusion of courses that have been submitted to and are under C-ID review for over 45 days to be included in an ADT submission the CCCCCO. C-ID would like to remind folks that this does not negate the requirement for C-ID approval nor are courses approved after 45 days. Colleges should still continue to pursue their efforts to gain C-ID approval for courses submitted to the C-ID system.

DISCIPLINE UPDATES

18-19 C-ID Recap

Disciplines Finalized in

18-19:

Welding

Addiction Studies

Business Information Tech

Agriculture

Addiction Studies

The C-ID Addiction Studies Faculty Discipline Review Group (FDRG) recently finalized one (1) CCC Model Curriculum (MC) and three (3) descriptors: ADS 195X Diverse Populations, ADS 200X Field Work/Internship in Addiction Studies, and ADS 210X Addiction Studies Internship Seminar. All finalized descriptors may be viewed [here](#) and the finalized MC may be viewed [here](#).

Child and Adolescent Development

In 2015, the California Commission on Teacher Credential (CTC) revised the Elementary Teacher Education Multiple Subject program standards. As a result of those changes, the C-ID Child & Adolescent Development Faculty Discipline Review Group (FDRG) reviewed C-ID CDEV 100 and recommended including the following content.

- Identify and define various types of abuse and neglect and describe their impact on development.

Statewide vetting recently concluded for the proposed changes, and the Child and Adolescent Development Faculty FDRG will convene to discuss the feedback. We would like to note, that, if approved, these changes will necessitate the re-submission of course outlines to C-ID. Please be on the lookout for updates as C-ID explores potential mechanisms to expedite these re-submissions.

Faculty Members Needed

As a faculty driven system, we always welcome faculty to participate as COREs and FDRG members. If you are interested in participating with C-ID, please see below for further details.
