## CoR REVIEW PROCESS

- 30 CCCs have over 125 (total) courses on the approved C-ID list which can be found at [http://www.c-id.net/course\\_compare.html](http://www.c-id.net/course_compare.html)
- Faculty Review Discipline Groups (FDRGs) have been and are being trained in the course review process and course review decisions are being turned out in a very timely manner (goal = within one month of your submission)
- **SOME HELPFUL HINTS to make the process run more smoothly and help ensure approval:**
- Upload the CoR directly or link to the most recent CoR
- **If you use OSCAR outlines, make sure that it is not older than 5 years**
- **PDF versions of your CoRs prove more reliable than WORD documents (which can prove unreadable for faculty reviewers)**
- If necessary, your entries in C-ID can be updated or deleted at any time before FDRG review begins
- More than one course can be entered for a descriptor

Questions or comments can be sent to [info@c-id.net](mailto:info@c-id.net)

## DESCRIPTOR DISCIPLINE UPDATE
