

Course Identification Numbering System (C-ID)

December 2010 – Articulation Officer Update

Newest Finalized Course Descriptors: CRIMINAL JUSTICE AND GEOLOGY

Please encourage your respective discipline faculty to log-on to www.c-id.net and review the draft and finalized descriptors. CoRs can now be submitted by CCC AOs for intersegmental review.

SPRING 2011 DIG (Discipline Input Group) Session Dates

- Please encourage YOUR faculty to attend and participate in this important project
- Discipline Input Groups (DIGs) will be convened **February 25 (North – San Jose) and March 11 (South - TBA)** to review descriptors and initiate discussions of CCC degrees in response to SB 1440.
- The following disciplines will be convened:
Accounting
Business, Management, Marketing
English
Economics
Computer Systems
Information Systems
Political Science
Music
Math
Studio Art
Education/Teacher Prep

The objective is to bring together the disciplines that teach courses that are lower division preparation for the business major as well as those that are a part of liberal studies/teacher rep programs that were not previously convened.

DIG information and registration is now available at http://www.c-id.net/dig_mtg.html

AO participation in the DIGs is important

- We hope to have one articulation officer to serve with each of the discipline groups in the North and the South
- AOs are a critical link between the CCC and four-year faculty who are attending the DIGs
- AOs have a clear understanding of the practical details surrounding the articulation process
- AOs are directly familiar with concerns from the students, faculty and staff
- Please contact Pam at pam@c-id.net if you have questions

REMINDER: Have your faculty signed up for their Discipline List Serve on the C-ID website? It just takes a minute to sign-up and it will keep them up-to-date with their discipline's progress.

FDRG (Intersegmental discipline faculty) Training for review of CoRs for Agriculture, Communication Studies and Sociology;
