REMINDER: LOGIN/ PASSWORD UPDATE FOR AOs

Login and Password Info

- There has been some confusion about AO log-ins and passwords for C-ID
- Several AOs have been contacted by C-ID staff recently to update the correct AO data for our tech staff
- **IF** there is an **AO change** on your campus, it is important to contact the C-ID office right away so access to C-ID will not be compromised
- **The AO user name for course submissions MUST ALWAYS be through the school name**
- AOs may have an additional user name and password given to them by the C-ID staff so they can participate in the course descriptor **review forums**
- AOs can change their passwords at any time (from the one given them initially by C-ID) by clicking on the “Edit Profile” option

AO Course Submission Training Power Point now available

- On the C-ID website at the **AO portal**
- At the CIAC website under **Resources**
- A reminder that the AO portal on the website also contains a “**Guide to Submitting Course Outlines for Review**”

REMINDER: Faculty interested in participating as a **CORE** (Course Outline of Record Evaluators) should contact the C-ID Office via the e-mail to the left. COREs are needed for all disciplines! **PLEASE encourage your faculty to become a CORE!**
