

CURRICULUM CHANGES
CALIFORNIA STATE UNIVERSITY SACRAMENTO
12-14 CATALOG

AMERICAN SIGN LANGUAGE:

Course department prefix change from EDS to DEAF

ANTHROPOLOGY:

No Changes.

ART:

New course ART 1C Modern & Contemporary Art: Rococo to the Present

Art is replacing their two course introductory art history sequence ART 1A and ART 1B with a three course sequence. The coverage of ART 1A is unchanged, but ART 1B now will cover Renaissance to Baroque, and the new 1C course will cover Rococo to the Present. ART 1C will be offered for the first time in spring 2014.

ASIAN STUDIES:

New major effective 11-12 (formerly a concentration under Ethnic Studies).

BIOLOGICAL SCIENCES:

Lower division courses are listed by concentration at the top of the agreement. Students should take lower division preparation for their concentration only. Note: Course to course articulation is listed for all concentrations on the bottom section of the agreement.

All Biological Science majors will be required to take BIOL 139 General Microbiology at the upper Division level. Biological Science will no longer articulate a lower division course for this requirement.

Transfer Students will be admitted as pre-majors. Completion of the following is required prior to declaring the Biological Sciences major at Sacramento State.

1. BIO 1, BIO 2, CHEM 1A, STAT 1, and ENGL 1A (or equivalent) with least a "C-" or better. Only first or second attempt will be considered.
2. Overall GPA of 2.3 based on the most recent 30 graded semester units and on any of the courses listed above that were taken prior to the last 30 graded semester units.
3. Minimum of 30 units completed at the college level.

To declare Biological Sciences as their major students will submit a Declaration of Major form to the Biological Science Department Office along with transcript copies

If you have students who plan to matriculate to CSU Sacramento as Biological Sciences majors, it is imperative that they complete their lower division biology and chemistry course work PRIOR TO TRANSFER. We are severely limiting seats in BIO 1 (the equivalent of your sequence in zoology and botany), and transfer students will not have access to that class once they arrive on the CSUS campus. As this course is a pre-requisite to entering the major, these students will be stuck if they do not complete these courses on your campus.
