Subject: [CIAC] 2015-16 UC Merced Agreements Published in ASSIST

Good Morning,

The 2015-16 UC Merced articulation agreements have been published in ASSIST. Below are list of this year's changes:

New Major:

Public Health, B.A. – The Public Health major is not available to transfer students until the 2016-17 school year. Transfer students who wish to major in Public Health should complete the Intersegmental General Education Transfer Curriculum (IGETC) at their community College.

Changes to Existing Majors:

Applied Mathematical Sciences, B.S. - Added 'Computational & Data Sciences' to concentration options and removed 'Custom' option.

Chemical Sciences, B.S. – CSE 005 added as a lower division alternative to CSE 020 or MATH 015:

**[MATH 015](#) or [CSE 005](#) may be taken in place of [CSE 020](#) (catalog description).

Computer Science and Engineering, B.S. – Added ME 021 as a lower division alternative to CSE 021.

English, B.A. – Removed WRI 040 and added WRI 025 to lower division course options. Requirement change from 2 English courses to 3:

“Choose **three** of the following courses. Two courses must be from number ENG 51 to ENG 66”

New UCM English courses offered and open for articulation requests:

ENG 021 – Jane Austin and Popular Culture

ENG 033 – Literature and Sexuality

ENG 051 – The Bible as Literature

ENG 054 – Introduction to the American Novel

ENG 055 – Introduction to the Short Story

History, B.A. – New history courses added and open for articulation requests:

HIST 027 – History of Food (spring '15)

HIST 040 – History of Technology in Society I

HIST 041 – History of Technology in Society II

HIST 042 – Introduction to History of Medicine (spring '15)

Sociology, B.A. – Lower division requirement changed from one to two additional courses.

New Sociology course added and open for articulation requests:

SOC 038 – Sociology of Race and Racism

Course Change: CHEM 008 has been split into two courses:

CHEM 008 – Principles of Organic Chemistry – 3 semester units

CHEM 008L – Principles of Organic Chemistry Lab – 1 semester unit

Have a great Thanksgiving Holiday!
