How to Respond to a Request for a Syllabus - An Important Message from your Articulation Officer

Hello Mesa Community,

Welcome Back!

Former students, colleges and universities may request to receive a course syllabus from you. The reason for the request is usually due to the need for an evaluation of a course for equivalency in meeting an academic requirement in a major or for graduation.

Within the California Community College system, the official document that is provided to appropriately evaluate courses in meeting an academic requirement is the course outline of record (COR). The COR is the document that is used by Articulation Officers in establishing and maintaining articulation agreements.

There have been recent challenges with establishing and maintaining articulation agreements. Several colleges and universities have denied equivalency/articulation proposals due to the use of the syllabus, instead of the COR, in making those determinations. The information contained in our syllabi varies and often lacks the necessary content required for course equivalency/articulation evaluation.

I respectfully request that you **not** provide a syllabus to anyone other than students enrolled in your current course (s). If a request for a syllabus is received, please direct the individual to CurricUNET <http://www.curricunet.com/SDCCD/> to obtain a COR. Active CORs are available to the public without the need for a user name or password. For tracking purposes, please copy me in your message when responding to such requests. Requests may also be re-directed to me or Claudia Cuz-Flores.

Thank you so much for your continued contribution to articulation efforts.
